

MISSION

CNPEA is a national organization supported by leaders in aging, research, healthcare, and elder abuse prevention and response.

We provide online resources and education to professionals and to the general public through our knowledge-sharing hub: www.cnpea.ca.

We connect people and organizations and foster program and policy development on issues related to the mistreatment of seniors at the local, provincial/territorial and national levels.

VISION

We envision and work toward a Canadian society where older adults are valued, respected, and live free from abuse.

We strive to be the Canadian leader in our field -sharing information and coordinating resources for the prevention of elder abuse.
